Subject: Sikes~Gawlikowski draft of First Amended Findings and Order

Dear Counsel,

Please find attached the draft of the First Amended Findings and Order on Motion to Strike Pleadings and For Sanctions for your review. I have revised the order in compliance with the ruling of the Court of Appeals. The only change other than the title is located on page 7 section (3) in regard to the trial setting. Please advise if all will sign or I will set the order for entry with the Court.

Also, it is our understanding that there is an agreement to resetting the motions set for tomorrow to January 22, 2010 at 9:30 a.m. We will be sending out formal notice later today.

Should you have any questions please contact me at the office.

Sincerely,

Robert Ian Kuehm
