Yes wally I am. I am the amicus in this case and if you would stop and think you would see my emails to the court were appropriate. If dan is calling underwoods office you know that is inappropriate. Sara was is court and hellums has not put anyone to trial and you know it. There is no "protective" order--- do you want to do what is in brisa's best interest? No, you just want dan happy with you. I am out of town at a state bar function. I will urge my motions to get all parties back in front of Gordon because it is in brisa's best interest. You might sometime take a moment and ask me what brisa has told me.... But again, are you an officer of the court *or just dan's hired gun*. I can understand your desire to get this case behind you, but trust me, it will follow you forever. Tough times do tell us who we are, not just who we pretend to be.

Wendy,

Are you really going to discuss ex parte communications with me?

We were all in Court when the judge said we were on hold and we check on assignment everyday. I am sure your office told you how Judge Hellums instructed us as a group on the 7th.
