Wally

I really don't what more to say to you. Maybe if you would have been at Court for the entry on October 2 you would understand better.

Plus your and Dan's story keep changing on who signed my name Mo or Wendy. I also believe you submitted your proposed findings as well.

Judge Hellums apparently chose the findings she felt were appropriate. That is something I believe you already addressed with the Court of Appeals.

On the Rob accusation that is just not true. I will await dealing with the Court or any other venue where you and Dan try to lead all of us.

Until then please send me all notices yourself and not Mr. Gawlikowski. I wish not to engage any further until we have a Judge.
