Thanks so much for your hard work with Brisa. It has helped her a lot this year. Yes, I have stopped the friend thing for my class at lunch. There are so many hurt feelings when the kids don't get picked to sit with a friend. I believe that if a parent is coming to have lunch with their child it should be a special time that is spent with just the two of them. Right after lunch they go to the playground where she can play with classmates so I want the lunch time to be special just between parent or parents and child. Jeannette

Subject: Lunch

Mrs. Domaschk,

Good morning! Hope you and the kids are having a great morning... I won't be able to come to lunch today and wanted to know if you would please let Brisa know. I wanted to let you know that we have been doing the flash cards on almost every visit lately, more so than the workbook. I thought it was important for Brisa to really work on her vocabulary. I want to report that Brisa and the friend that she has sitting with have consistently known almost every word, with the exception of "where", "could" & "there", out of the flash cards that you gave me. The other thing I wanted to make you aware of is that I have been having them use the word in a sentence after they say the word. You would not believe how well they are able to use the word in a sentence and the more we do the exercise, the more creative they try to be with their sentences. It's really a fun thing to watch!

I wasn't at lunch yesterday, but Janette was able to come and have lunch with Brisa. Janette said that Brisa told her that she can't have any friends sit with her at lunch any more. We understand and will certainly abide by this decision. I was just curious to know if something happened that prompted that decision?

Thanks Mrs. Domaschk and I hope you and the kiddos have a great day! Please tell Brisa I love her!
